Aristotle and Dante Discover the Secrets of the Universe

Aristotle and Dante Discover the Secrets of the Universe is the beloved cult classic about friendship and first love, from award-winning author Benjamin Alire Sáenz. This lyrical novel will enrapture readers of John Green, Love, Simon and Call Me by Your Name. Aristotle is an angry teen with a brother in prison. Dante is a know-it-all who has a unique perspective on life. When the two meet at the swimming pool, they seem to have nothing in common. But as the teens start spending time together, they develop a special friendship—the kind that changes lives and lasts a lifetime. And it is through this friendship that Ari and Dante will learn the most important truths about the universe, themselves and the kind of people they want to be. This incredibly moving and powerful story of teenage first love explores how two teens begin learning to open themselves up to love.
